3 EASY PREPARATION OPTIONS

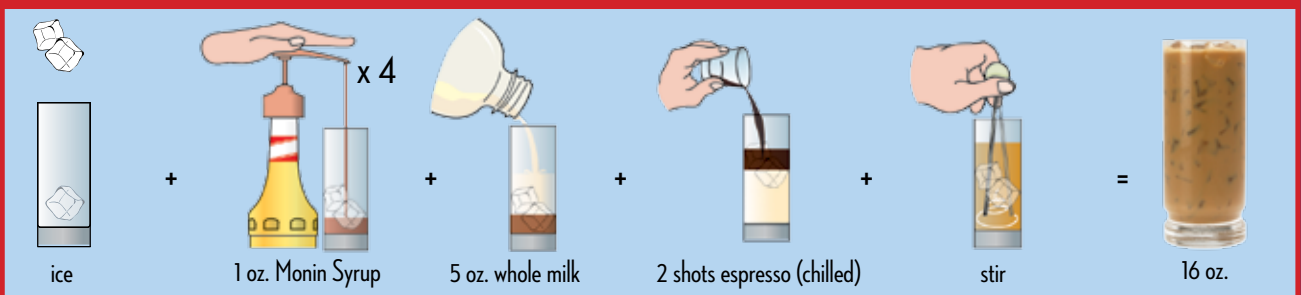

BREWED COFFEE

MONIN ESPRESSO CONCENTRATE

ESPRESSO

Recommended Monin Syrups: Caramel, Chocolate, Cinnamon, Hazelnut, French Vanilla, Irish Cream, Vanilla

Tips

- Double strength simply means brewing the coffee as you normally would, but with twice the amount of coffee grounds. This will provide a strong base that will hold up to the ice.
- If coffee or espresso is not chilled it will melt ice and water down the drink. If it is not feasible to chill coffee or espresso ahead of time, it is advised to add ice last.
- If adding a sauce, it is advised to cap and shake the beverage.

Ultimate Taste

- Made with authentic flavorings and pure cane sugar
- Highly concentrated; exceptional flavor from small amounts
- Monin Premium Syrups are: Kosher, Halal (majority), GMO free, Dairy free, Gluten free, Vegan

Ultimate Creativity

- Find hundreds of inspirational recipes at www.monin.com
- Versatile for hot, iced and frozen beverages

Ultimate Convenience

- Shelf stable; 18 month shelf life from production date (no refrigeration)
- Case size: 4/1L plastic bottles
- Convenient to use; pumps provide accurate service
