you're  
from.*

**Island Rose Iced Tea Concentrates** are brewed using the finest black teas and sweetened with real cane sugar. The result is a product line that embodies the most authentic regional flavor profiles of traditional iced tea. From the seafaring tradition of the Caribbean tea trade, to the laid-back nostalgia of American iced tea, tea culture has traversed the globe. Now a taste of home is no longer a cross-country trek, but a mere stop into your local shop.
