

HOT CUP LIDS

Your lid should be
AT ONE WITH
your cup.

Harmony, at last

Gone are the days of hard-to-sort lids, mismatched environmental messaging and unsustainable materials. The **EcoLid®** and **EcoLid® 25 Hot Cup Lids** are designed to work in harmony with two styles of Eco-Products® hot cups. Match the original **EcoLid®** with our renewable/compostable hot cups and the **EcoLid® 25** with our recycled content cups to complete your beverage offering. Make your life easier, simpler and a little more green with these new lids.

GREENSTRIPE® by Eco-Products®

- Made from 100% renewable resources
- Meets ASTM standards for compostability, BPI certified
- Made with PLA, a plant-based plastic
- Crystallized formulation add strength and heat tolerance
- Pair with our World Art™ or GreenStripe® hot cups for a complete renewable and compostable solution
