# A perfect match

The **EcoLid®** and **EcoLid® 25 Food Container Lids** are designed to work in harmony with two styles of Eco-Products® paper food containers. Match the original **EcoLid®** with our renewable/compostable soup cups and the **EcoLid® 25** with our recycled content food containers to complete your foodservice package. Streamline your sustainability goals with these matching containers and lids.

## GREENSTRIPE® by Eco-Products®

- Made from 100% renewable resources
- Meets ASTM standards for compostability, BPI certified
- Made with PLA, a plant-based plastic
- Crystallized formulation add strength and heat tolerance
- Pair with our World Art™ Soup Cups for a complete renewable and compostable solution
