Tea Top™ Brew Lid

HOW DOES THE TEA TOP™ BREW LID WORK?

- Thread the tag and string through the raised portion of the lid.
- After steeping, simply pull up on the string to enjoy a perfectly brewed cup of tea
- The tea pouch rests securely in the raised area of the lid, capturing the rich flavors and oils that are squeezed back into the beverage.
- Tea Top brew lids fit our own Mighty Leaf 12 oz. to-go cup as well as most U.S.-manufactured 12 oz. cups.
